Maratha Vidya Prasarak Samaj's Rajarshi Shahu Maharaj Polytechnic, Nashik

Udoji Maratha Boarding Campus, Near Pumping Station, Gangapur Road, Nashik-13.

RSM POLY Affiliated to MSBTE Mumbai, Approved by AICTE New Delhi, DTE Mumbai & Govt. of Maharashtra, Mumbai.

ABOUT MVP SAMAJ

The Maratha Vidya Prasarak Samaj is one of the most prestigious centers of learning in the State of Maharashtra. It manages 485 educational units and is one of the premier educational hub in the Nashik district. At present, more than 2 lakhs of students are pursuing education. Over past 106 years, the institute has stood the test of time to become legend of unparalleled stature. History says that the credit for the birth of M.V.P.Samaj goes to the young, enthusiastic & devoted team of social workers and education is ts who were inspired by the lives of Mahatma Jyotiba Phule, Savitribai Phule and Rajarshi Shahu Maharaj of Kolhapur. These young leading lights include Karmaveer Raosaheb Thorat, Bhausahab Hire, Kakasaheb Wagh, Annasaheb Murkute, Ganpat Dada More, D. R. Bhonsale, Kirtiwanrao Nimbalkar and Vithoba Patil Khandalaskar, who laid the foundation of the Samaj. They were the men who envisioned the culture and knowledge centric society. The great visionaries of MVP Samaj rightly laid the "Wellbeing and happiness of masses" as the motto for the Samaj.

ABOUT RSM POLYTECHNIC

The Rajarshi Shahu Maharaj Polytechnic has been established in the year 2008, at the central place in Nashik. It is affiliated to MSBTE, Mumbai and approved by Government of Maharashtra, DTE Mumbai and the AICTE, New Delhi. The Polytechnic is in the process of Accreditation and Gradation. The Polytechnic has well-equipped and well-furnished laboratories, workshop and hostel facilities. Every department has separate computational facilities along with LAN, Wi-Fi and necessary software. At present the RSM Polytechnic provides three-year courses leading to Diploma in Engineering of MSBTE, Mumbai in the five disciplines: Mechanical Engineering, Computer Technology, Electronics and Telecommunication Engineering, Information Technology and Electrical Engineering.

VISION AND MISSION

VISION

To Empower the Common Masses by providing Quality Technical Education.

MISSION

- To create and implement innovative best practices to achieve academic excellence.
- To enhance the overall development of students by imparting essential skills.
- To inculcate principles of professional activities by promoting industry institute interaction and entrepreneurial skills.
- To create an environment awareness for sustainable development.

INDEX

Sr no.	MICRO PROJECT TITLE	PAGE
JPR (22412) GNH		
1	Traffic Light Controlling System using Applet and Graphics.	1
2	Using Multithreading find "Even-Odd and Prime-Not Prime numbers between:1-50	2
3	Implement ATM Transaction System using Exception handling.	3
4	Bouncing Ball Using Applet And Multithreading	4
5	Airline Management System using Inheritance and Interface.	5
6	Agricultural Shop Management System using Array and String class.	6
7	Bus Reservation and Ticketing System using File handling	7
8	Develop a Calendar using Derived Constructs.	8
9	Movie Ticket Booking System using Interface	9
10	A micro-project on "Bank Management System" using File handling.	10
11	Book Store management system using Vector.	11
12	Vehicle Identification System using conditional operator.	12
13	Electricity Billing System using different operators and condition checking statements.	13
14	Attendance Management system using Exception handling.	14
15	Bank Management System using switch case.	15
16	Student Result Analysis using Inheritance.	16
17	Library management system using Vector.	17
18	Creating notepad using Applet.	18
19	Design Calculator using Arithmetic Operators and Switch Case Statement.	19
20	Student Record Management System using File handling	20
21	Develop Program for Matrix Operations.(Add, Sub, Mul, Div)	21
22	Develop a Small Animation using Applet.(Rainbow)	22
23	Medical store management system using Inheritance and Interface.	23
24	Railway Reservation System using Exception handling.	24
25	Student Attendance Management System using Basic Constructs.	25
SEN (22413) SVS		
1	Movie ticket booking system using vb.net"	27
2	Online mobile recharge system	28

3	Airline Management system	29
4	Hostel Management System	30
5	ATM Management System	31
6	Student Management System	32
7	Hostel Management System	33
8	Student Management System	34
9	Salary Management System	35
10	Prepare Software Requirement Specification (SRS) for given system	36
11	Railway Reservation System	37
12	Student Record Management System	38
13	Banking Management System.	39
14	Managing wireless networks	40
15	Blog Management System	41
16	Scientific Calculator	42
17	Medical store management system	43
18	Bus Reservation and Ticketing System	44
19	Prepare a detailed SRS for Agriculture Shop Management	45
20	Draw UML Diagrams for Railway Reservation System	46
21	Hospital Management System	47
22	MSEB Bill generation System	48
23	Calculate Project costing using COCOMO Model	49
24	Online Shopping System	50
25	Poultry Farm Management System	51
DCC (22414) PNP		
1	Radio waves in networking	53
2	Client / server network	54
3	Implement Wireless network with Bluetooth	55
4	Bristle Bot	56
5	Wireless security system	57
6	To implement report on 5G wireless network	58
7	Creating and configuring a star network	59
8	Implement Hybrid Topologies	60

9	Prepare a report on recent and unguided media in industries depending on cost, speed and efficiency	61
10	Creating and configuring a client/server network	62
11	Building a School or small office network	63
12	Creating and Configuring a P2P Network	64
13	Low cost wireless Internet	65
14	telephone billing system	66
15	Prepare a hardware specification required to develop a wireless LAN for a cyber-café for 20 users.	67
16	Implement BUS Topology	68
17	Computer Communication Protocol	69
18	Bluetooth Controlled Robot Using Android Smart Phone	70
MIC (22415) RSD		
1	Study Different type of processor is used for robots.	72
2	Addition and Subtraction of two 8 bit numbers.	73
3	Switch Case statement implantation in ALP.	74
4	Traffic light control system.	75
5	8086 program to implement mathematics function.	76
6	Addition of two 8 bit numbers using Procedure.	77
7	Addition and Subtraction of two 8 bit numbers using Micro.	78
8	Generate Fibonacci series.	79
9	Addition and Subtraction of two 16 bit numbers.	80
10	Program to separate even and odd numbers from given array and store in different array and add them individually.	81
11	Mul and Div Operation in same Program with Menu driven program.	82
12	Display addition of two 8 bit numbers on user screen.	83
13	ALP to Print Factorial of number.	84
14	ALP to take input from user 2 numbers and multiply them.	85
15	Develop a Program to Generate Fibonacci Series.	86
16	Addition of two 8 bit numbers using Procedure.	87
17	Comparison of 2 numbers.	88
18	Add and Sub Operation in same Program with Menu driven program.	89
19	Input from user and find its Factorial.	90
20	Switch Case statement implantation in ALP.	91

21	ALP to Print name 5 times on Output screen.	92
22	Display Subtraction of two 8 bit numbers on user screen.	93
23	Find factorial of Number.	94
24	Add and Sub Operation in same Program with Menu driven program.	95
25	ALP to take input from user 2 numbers and add them.	96

EDE (22032) YRK

1	Good points & Bad points of advertisement.	124
2	Select any product & analyze its good & bad features.	125
3	To make robot's hand for loading & unloading of workpiece on CNC machine.	126
4	Prepare cost sheet of any product.	127
5	Dream for something unique & make a write up.	128
6	By brainstorming, finalize one product/ service for entrepreneurship development.	129
7	Study of government loan Schemes for small scale business	130
8	To make robot's hand for loading & unloading of workpiece on CNC machine.	131
9	Visit any Industrial Exhibition, Trade Fare & observe Nitti Gritty of Business.	132
10	Study one product & suggest Modification for Process Improvement.	133
11	Dream for something unique & make a write up.	134
12	To prepare automatic vacuum cleaner robot.	135
13	Analyze case studies of any two successful entrepreneurs.	136
14	Foresee your dream & make a long term plan for its accomplishment.	137
15	To prepare automatic vacuum cleaner robot.	138
16	Organize industrial visit & suggest modifications for its process improvement.	139
17	Interview at least four entrepreneurs or businessman & identify charms of entrepreneurship & traits of successful entrepreneurs.	140
18	Dream for something unique & make a write up.	141
19	Prepare robotic arm for holding & placing raw material on production shop floor.	142
20	Good points & Bad points of advertisement.	143
21	Select any product & analyze its good & bad features.	144
22	Prepare cost sheet of any product.	145
23	Dream for something unique & make a write up.	146
24	By brains torming , finalize one product/ service for entrepreneurship development.	147
25	Study of government loan Schemes for small scale business	148
26	Visit any Industrial Exhibition, Trade Fare & observe Nitti Gritty of Business.	149
27	Study one product & suggest Modification for Process Improvement.	150
28	Analyze case studies of any two successful entrepreneurs.	151
29	Foresee your dream & make a long term plan for its accomplishment.	152
